

HIP SOCIETY/  
 AMERICAN ASSOCIATION OF  
 HIP AND KNEE SURGEONS

**COURSE OBJECTIVES**  
 The objectives of the Open Meeting of the Hip Society are to provide up-to-date information on the treatment of hip problems including non-arthroplasty options and the latest surgical techniques as well as the current thinking on bearing surfaces. Other objectives deal with the difficult primary THA and complication management including an update on revision THA.

**COURSE DESCRIPTION**  
 This course is divided into eleven (11) symposia. We will look at surgical techniques including computer assisted navigation and a discussion of bearing surfaces. There will be symposia dealing with difficult THA cases and revision technique updates plus a discussion of complication management. There will also be a presentation of the Hip Society Award papers and a special Presidential Guest Speaker included in the program.

**CREDIT HOURS**  
 Physicians who register for the Hip Society Specialty Day Meeting also may attend the Knee Society/AAHKS Specialty Day program. The Knee Society/AAHKS Specialty Day program has been designated as meeting the criteria for up to 8 AMA PRA Category 1 Credits™
