2019 AAHKS
Spring Meeting

Bryan D. Springer, MD, **Chair**
Craig J. Della Valle, MD, **Co-Chair**

SCOPE

Practicing orthopaedic surgeons need to periodically update their knowledge according to the most recent clinical research findings. Additionally, reviewing, analyzing and discussing evidence-based practices, emerging practice trends and patient outcomes provides an opportunity to raise the overall surgeon competence in hip and knee condition management. This educational activity is intended to equip practicing orthopaedic surgeons with state-of-the art information and cutting-edge strategies aimed at enhancing the care of patients with arthritis and degenerative disease. It combines general and breakout sessions, emphasizing case-based learning in a small-group setting for the most effective results.

OBJECTIVES

- Analyze total hip and knee arthroplasty cases
- Investigate the patterns contributing to effective total hip and knee primary arthroplasty and revision
- Determine the strategies contributing to optimal perioperative and post-operative care, including complication management
- Consider effective practice management tips and related health care policy
- Report the highlights of the 2018 AAHKS Annual Meeting

The information above will be provided to learners by AAHKS and has been framed in terms of physician change or health status improvement, in keeping with our CME mission.

ACCREDITATION AND CME CREDIT

The American Association of Hip and Knee Surgeons (AAHKS) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AAHKS designates this live activity for a maximum of **15.5 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

DISCLOSURES

Board members, educational planners, faculty, staff and anyone involved in a CME activity must disclose all relevant financial relationships with ACCME-defined commercial interests (including those of spouses, business partners and immediate family members) within the last 12 months that actually or potentially could predispose or bias the individual to a particular decision, view or goal in connection with the educational activity in which he or she is engaged. All contributors must disclose specific relevant financial involvement of any type with any commercial interest, not simply if it is germane to the content or is related to the commercial interest supporting the activity.

Compliance with this process is mandatory for participation and contributions to AAHKS activities. Contributors who fail to provide a disclosure are not permitted to participate or contribute in any way to a CME activity. Please see disclosure information for all course planners, presenters, faculty and other contributors in the back of this booklet.
