

AAHKS and Orthopedic Surgery Residents

Why and How to Become Involved

<https://www.aahks.org/join/>

Networking Opportunities

- We host networking and educational events at AAHKS and AAOS Annual Meetings
- Join to reconnect with classmates, discuss cases, and meet new YAG members – a great way to discuss questions about training and starting practice!

Access to Arthroplasty Lecture Series

FOCAL: Fellows Orthopaedic Continued AAHKS Learning

Specifically tailored to Adult Reconstruction Fellows and Senior Residents

Recent lecture topics by leading experts include:

- **Spinopelvic Relationship in THA**
- **Periprosthetic Fracture Around the Knee**
- **Intraoperative Complications in THA**
- **Fellows Revenge! Complex Case Conference**

Updates Regarding Interesting Podcasts

The Young Arthroplasty Group even has their own podcast, The Augment, w/ recent guests featuring:

- Dr. Thomas Sculco
- Dr. Bryan Springer
- Dr. Brad Waddell
- Dr. James Browne

Access to the Latest Arthroplasty Research

the Journal of Arthroplasty and Arthroplasty Today
As well as OrthoEvidence**

Opportunity to Hone Your Reviewer Skills

JOA Reviewer Mentorship Program

Not sure how to get started as a journal reviewer? Or not exactly sure how to properly review a journal article? This program will pair you with a current JOA Elite Reviewer to help coach you through your first reviews and to be available for questions and feedback as you get started.

Currently not accepting new applications for reviewer Mentees at this time. A new call for Mentees will go out **Winter 2021**.

THE JOURNAL OF
ARTHROPLASTY

Annual Meeting- Reduced Registration

The Annual Meeting of the American Association of Hip and Knee Surgeons addresses a broad array of scientific topics such as implant design, outcomes, surgical techniques and complications of primary and revision total joint arthroplasty (TJA) for hip and knee surgeons. The meeting addresses the latest socioeconomic issues in health care. Special courses are also offered for residents, non-physician team members and surgeon administrators. Held in Dallas in November each year, the Annual Meeting typically attracts around 4,000 total attendees*. [Visit our YouTube channel to learn more.](#)

Resident Course- Prior to Annual Meeting

Why Should You Attend?

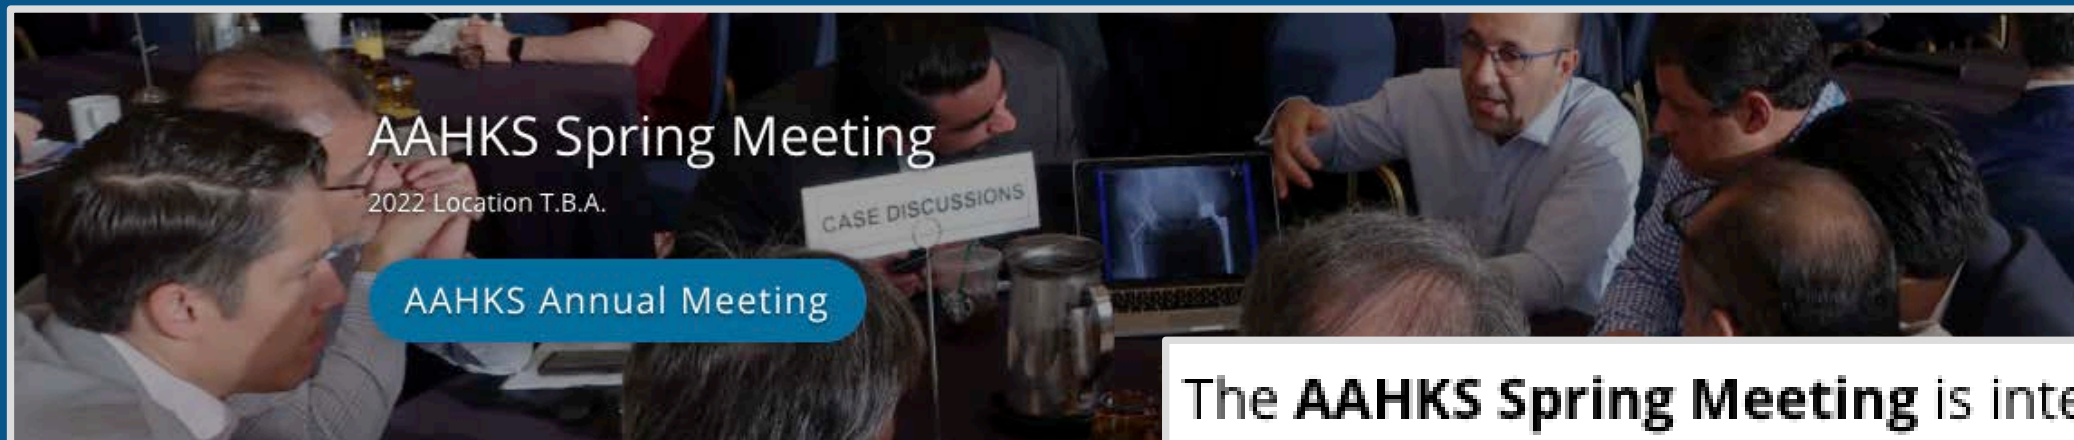

- **Networking!** Faculty for the lab are comprised of world-renowned arthroplasty surgeons and AAHKS leadership. Residents come from all over the world. Use this as an opportunity to make connections and share ideas!
- **Surgical Time!** Who doesn't love to work on their surgical skills?
- **New Techniques!** You will be exposed to some of the top minds in the field of arthroplasty. Be sure to pick their brains for new ideas!

More Networking Opportunities

- In addition to the regular young arthroplasty group sponsored meetings at AAHKS and AAOs, we are working on creating additional networking opportunities:
 - Industry Panel Discussion at Dallas Meeting
 - Meeting Buddies at AAHKS Functions, including Friday night Exhibit Hall Reception
 - Poster Tours

Access to AAHKS Spring Meeting

The **AAHKS Spring Meeting** is intended to equip practicing orthopaedic surgeons with state-of-the-art information and cutting-edge strategies to enhance overall surgeon competence related to the care of patients with arthritis and degenerative disease. It combines general and break-out sessions, emphasizing case-based learning in small group setting for most effective results.

Adult Reconstruction Fellowship Match

The American Association of Hip and Knee Surgeons (AAHKS), The Hip Society (THS) and The Knee Society (TKS) have established this Fellowship Match Program to assist orthopaedic residents in obtaining fellowships in adult reconstruction and to assist fellowship programs in obtaining fellows in these specialties.

The Match is vital to the future of our specialties. The leadership of AAHKS, THS and TKS as well as the American Academy of Orthopaedic Surgeons (AAOS) are fully committed to ensuring the program's success. A task force established by the three organizations (and the Musculoskeletal Tumor Society [MSTS]) developed this Match program with assistance from other orthopaedic societies which had established matches providing valuable resources as our Match program developed.

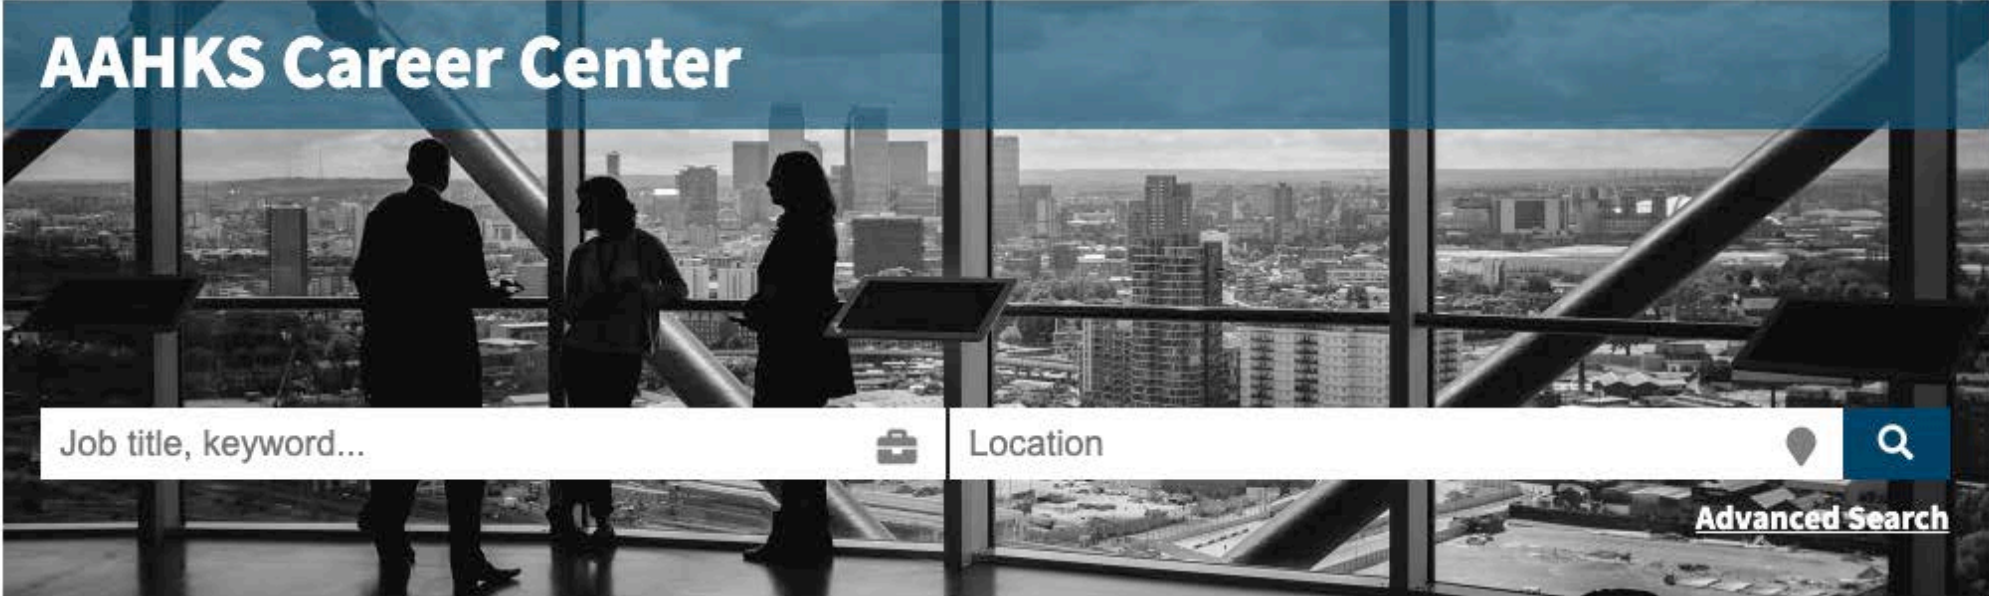

The program is governed by the Fellowship Match Oversight Committee composed of representatives and alternates from each of the three organizations, as well as a chair elected by the Committee.

For questions, please contact **Natalie Loper**, AAHKS Education Specialist, at NLoper@AAHKS.org.

AAHKS Career Center

The image shows a screenshot of the AAHKS Career Center website. The header features the text "AAHKS Career Center" in white on a dark blue background. Below the header is a large image of three people in business attire standing on a high-rise balcony, looking out at a city skyline. Overlaid on this image is a search bar with the placeholder text "Job title, keyword..." and a location field with the placeholder text "Location". To the right of the location field is a magnifying glass icon and the text "Advanced Search". Below the search bar, there are two statistics: "161 Job Listings" with a briefcase icon and "44 Employers Hiring" with a building icon. On the right side, there is a dark blue button that says "SIGN UP NOW" and a link that says "or [Sign In](#) if already registered".

How to Join

<https://www.aahks.org/join/>

Arthroplasty Surgeon in Training

AIT members are resident members of AAOS, RCPSC or AOBOS or currently in a total joint fellowship program.

Then Join the Young Arthroplasty Group

Young Arthroplasty Group (YAG)

Thank you to the more than 450 young surgeons who have already joined the YAG. If you are an arthroplasty resident, fellow or within your first five years of practice and would like to join the group, click the button below.

Join YAG

Follow YAG on Twitter!

The **AAHKS Young Arthroplasty Group (YAG)** has been formed and charged with connecting young arthroplasty surgeons who are in training or less than five years in practice. YAG promotes collaboration and young surgeon activity within AAHKS with particular focus on research, leadership and advocacy.
