

AAHKS FOCAL Curriculum: ADULT RECONSTRUCTION SURGERY FELLOW EVALUATION FORM

Fellow: _____

Year of Training: _____

Hospital/Training Site: _____

Service/Rotation: _____

Rotation Dates: _____

Evaluator: _____

| Patient Care/Surgical Ability: | Knowledgeable, effective, confident (5) | Knowledgeable, not independent (4) | Learning but below expectations (3) | Inadequate (2) | N/A (1) |
|--|---|------------------------------------|-------------------------------------|----------------|---------|
| Makes informed decisions about diagnostic and therapeutic interventions based on patient information and preferences, scientific evidence and clinical judgement | | | | | |
| Develops and carries out patient management plans | | | | | |
| Counsels and educates patients and their families | | | | | |
| Works with other health care professionals to provide patient-focused care | | | | | |
| Outlines the indications for routine/complex surgical procedures | | | | | |
| Performs under supervision but without assistance: knee/hip injections, primary total knee arthroplasty, primary total hip arthroplasty, hip hemiarthroplasty | | | | | |
| Performs the following surgical procedures with minimal assistance: conversion total hip arthroplasty, revision total hip arthroplasty head and liner exchange, revision total knee arthroplasty single component exchange. | | | | | |
| Perform the following surgical procedures with assistance: Combined acetabular ORIF and total hip arthroplasty, revision total hip arthroplasty, revision total knee arthroplasty, explant total hip arthroplasty and antibiotic spacer, explant total knee arthroplasty and antibiotic spacer | | | | | |
| Medical knowledge: Understands the pathophysiology, diagnostic techniques, principles of surgical management including the common surgical pitfalls, outcomes, and potential complications related to the diseases in the areas of: | Knowledgeable, effective, confident (5) | Knowledgeable, not independent (4) | Learning but below expectations (3) | Inadequate (2) | N/A (1) |
| Anatomy, biomechanics, and pathophysiology of the hip and knee | | | | | |
| Hip and knee fractures | | | | | |
| Soft tissue injuries of the hip and knee | | | | | |

| | | | | | |
|--|---|------------------------------------|-------------------------------------|----------------|---------|
| Arthritic conditions of the hip and knee | | | | | |
| Congenital and developmental problems associated with the hip and knee | | | | | |
| Practice-Based Learning | Knowledgeable, effective, confident (5) | Knowledgeable, not independent (4) | Learning but below expectations (3) | Inadequate (2) | N/A (1) |
| Information to support patient care decision and patient education | | | | | |
| Knowledge of the pertinent surgical literature and the ability to use print and electronic resources effectively | | | | | |
| Attendance and active participation in Quality Assurance and other educational conferences | | | | | |
| Leadership and teaching role to medical students, interns, and residents | | | | | |
| Communication Skills | Knowledgeable, effective, confident (5) | Knowledgeable, not independent (4) | Learning but below expectations (3) | Inadequate (2) | N/A (1) |
| Obtain consent for simple/complex operations, including realistic discussion of risks, benefits, and expectations | | | | | |
| Keeping attendings informed of changes in patient status/condition | | | | | |
| Communicate effectively with attending staff | | | | | |
| Provide concise, appropriate daily progress notes | | | | | |
| Leadership role during perioperative period for scheduled and emergency major operations, including discussion with patient and family: communicate with family on a regular basis | | | | | |
| Professionalism/Ethics | Knowledgeable, effective, confident (5) | Knowledgeable, not independent (4) | Learning but below expectations (3) | Inadequate (2) | N/A (1) |
| Treats staff, nurses, technicians and families with respect | | | | | |
| Serves as role model for medical students, interns, and residents | | | | | |
| Respects patient confidentiality | | | | | |
| Presents oneself as a professional in appearance, use of language, and in all forms of communication | | | | | |

| | | | | | |
|--|--|---------------------------------------|--|-------------------|------------|
| Complete medical records in a thorough and timely manner | | | | | |
| Respect and serves the mission of the program/institution | | | | | |
| Systems-based Practice | Knowledgeable, effective, confident (5) | Knowledgeable, not independent (4) | Learning but below expectations (3) | Inadequate (2) | N/A (1) |
| Effectively utilizes social work, home health care, rehabilitation services for patients | | | | | |
| Obtains appropriate consultations and learns from consultations obtained | | | | | |

ADDITIONAL COMMENTS: (Specific major strengths & weaknesses, needs for special assistance, any professional behavior that is outstanding or problematic, signs of fatigue, etc.)
